

Premium Carcass Genetics

H C

Wrangler and Gold Standard combine the best carcass genetics from the Gelbvieh breed to be complemented by the breed-leading Angus carcass genetics.

Homozygous Black,
 Homozygous Polled Balancer
 Sire: KCF Bennett K503
 Dam: Miss Goldrush M80 (Visa)

Wrangler, an F₂ Balancer,[®] was high selling bull at the 2005 Goldrush sale. He is backed by proven genetics featuring one of the Angus breed's great carcass sires and one of the Gelbvieh breed's premier sires for carcass merit, along with his awesome dam, Miss Goldrush M80 (who herself is loaded with proven carcass genetics). Wrangler combines predictable genetics in a modest birth, superior growth package.
